Holding your broken jaw, you wonder why CDC plays so
Fucking hard.
Go!... GO GO GO!
Fuck your phony façade. Don't care for your fucking
Image.
Face the mirror, you fucking joke, you're the same as
all
The others.
Television, magazines make up what you are.
What the fuck are you trying to prove, your no fucking
Star.
Smash your face with this hate coming from disgust.
CDC faggot stomp this is a must!

CROWD WAR!

[This part is missing]

Here we fuckin go!
Crowd War!
Tear you and your friends from bow to stern.
Don't care if I'm 5'11"
155, it's all about what's inside.
Crowd war GO!
Channel that energy in a negative way, there's gonna
be a
Crowd war today.
