

Cease Of Breeding "Nailed"

Visit "[Nailed](#)" on MotoLyrics.com

I collected all the bodies in my residence, I put them
down beneath in my
Darkest room
I covered their screams with my sounds of pleasure
I have nailed all the corpses, I have nailed them upon
my wall
I have nailed all their organs, I have nailed all their
limbs

I have tasted all the bodies, I had pleasures on their
flesh
I have nailed all the corpses, I disfigured all the bodies

I collect them from day to day, I am searching to
destroy
I have nailed all the corpses, I can take them down with
me

I am a superior human being, I hunt them for my own
pleasure
I enjoy their tears of fear, I kill for I am the one who
they worship!
