Tommy Evans:

I'll stop you in your tracks if you start with me  
With raps so fat they clog your arteries  
I'm so inventive with my artistry  
I break ground like earthquakes and part the seas  
Be a smart emcee, stop sparking trees  
Smokers get blunted, ain't as sharp as T  
I'm on point like laboured emcees can't cut it  
I'll slice up your intestines, leave you gutted  
Destroy the stress, you boys can't test  
I'll rip out your windpipe, leave you short of breath  
I walk with Jehst, we're Yorkshire's best  
My flow's so hot that it will scorch your flesh  
I burn emcees, give em the third degree  
Send them to Accident & Emergency  
They urgently need plastic surgery  
Because he said this'll bleed internally  
I watch as you fade into obscurity, nuff eternity reign  
for eternity  
I purposely, run perfectly, am I the best? (No doubt)  
It's a certainty!

Jehst:

Yo I decapitate wack and fake rappers at a rapid rate  
Either take cover, or run like the clappers mate  
Because I'm done with the track I make it happen  
Break beats and batter tracks, chiefs I eradicate  
I can see straight through their front like acetate  
Heat up the beats so their weak flows evaporate  
Burn the earth til' it reverts to it's natural state  
Battle great pretenders bend their twisted shit back to  
shape  
Shape shifting man I'll make, plans to assassinate  
Piss-take rappers hate the fact that I captivate...  
.. Crowds, cos I'm holding it down like gaffa tape  
Try and start shit and my sharp wit will lacerate...  
.. Half wits, my gamma ray targets you pop stars  
I'll carpet bomb your boot camp, and bombard...  
.. Troops tactical, run tracks like stock cars  
Burn my name into your back with these hot bars

Chorus:

The battle ground stomper, nocturnal author  
Kidnap rappers and carry out water torture  
Drown a performer, brainstorm on A4  
Verbal napalm, blazing the trail for...  
.. The battle ground stomper, nocturnal author  
Kidnap rappers and carry out water torture  
Drown a performer, brainstorm on A4  
We wage war on you fake types

Tommy Evans:

You heard the T aint tight, don't believe the hype  
I'm louder than a bomb so I don't need a mic  
I bring the noise faster than the speed of light  
And shower clever rhymes, you don't see too bright  
You can't read or write, I'm raps cleverest mind  
My body of work is ahead of its time  
You'll have to wait til' 2079  
The cryptologist will crack every line

Jehst:

I see you biters setting your watches seconds behind  
To try and catch what I'm dropping when you're  
checking the rhyme  
You're saying nothing, like a professional mime  
While I'm spitting this liquid of the venomous kind  
Read my lips, like an unsettling sign  
Now I might flip any minute, leave you dead in your  
prime  
Severing spines with heads, when the letters align  
To spell Jehst! I shine as I steadily climb  
We can go toe-to-toe so don't be stepping on mine  
You see me and T.E. stay deadly combined  
We told you once already, now this is double jeopardy  
Pre-school lyricists are having trouble getting me  
I got a primitive remedy for that attitude  
New jack rappers get battered til' they're black and  
blue  
They made a track or two, but didn't have a clue  
To me it doesn't matter who you are, I'll still flatten you  
Steamroll through your whole crew, fuck your fashion  
shoot  
You couldn't see me if you drank a tank of carrot juice  
I get the jam jumping like kangaroos  
He who dares, now there's a man who stands to lose  
My style's shocking like a damaged fuse  
I drop savage tunes, like arsenic in your Malibu

Chorus:

The battle ground stomper, nocturnal author  
Kidnap rappers and carry out water torture  
Drown a performer, brainstorm on A4

Verbal napalm, blazing the trail for...  
.. The battle ground stomper, nocturnal author  
Kidnap rappers and carry out water torture  
Drown a performer, brainstorm on A4  
We wage war on you fake types
