The blue skies used to make me smile
Cause they reminded me of you.
But now it's not like that anymore.

We have our own friends we choose to be with.
Even though I want to be with you.
I try to be your friend but it's not
Working.

I'll think of you on Valentine's day
And cry myself to sleep that night.
I don't want to feel like this.

Sir Youschak if you were a king I would leave your
Kingdom.
Because I can't tell you the reason I feel this way.
It's sad that I can't trust you.
