It's been a while  
Since the day you left  
Took your heart with me  
And when you brought it back  
I was torn into pieces

I know you're comin' back to me  
Cause if you're not, these tears will be here forever  
I don't want to listen when you say the words  
So tell me

(Chorus)  
How do I live, how do I love?  
How do I feel secure without you right beside me?  
How do I live, how do I love?  
How do I spend a day without your love  
You're not around

I have a good question  
Why did you take my love  
The rest of the stuff standin' by me  
Everything I want is gone  
The feeling is here to stay  
I'm just tired and confused  
Waitin' here for you

(Chorus)

My understandin'  
Can't keep up  
Just can't give up  
On the lookin' for you  
What am I gonna do  
Without you  
Just a little scar  
Right on my face  
The precious love  
I can't erase

I can't replace

(Chorus)
