I'm like my size, what you saying it's me I'm back again star,
Yeah I'm about I drop my shit left right and center,
I'll make this ting go number 1 like tinie tempah
I'm back with a bang some max's think theyre nine but I'm the best star,

And I aint tryna big myself up,
But I'm rapping for my hood that's why they show love,
I keep myself all right and pass it from the fake hype,
But I'm about I swear I know that I'm a bait guy,

Me I'm from the manor yeah you see my face about star,
Yeah I'm a star in the hood like stryda there's no doubt star,
I'm gonna make my old film, watch it's coming out star,
Haters chatting shit, and I just told them shut theyre mouth star,

Me I keep it moving,
You might not see my vote? In a while don't think I'm snoozing,
I held it down they thought I ran they kept assuming,
But every film dats out they like I swear I seen dat you in,
I'm like watch out for the latest one I'm on some new thing
