Before I give my love to you
There's one thing you must do
Promise to be true
And never make me blue

I know you're afraid of being hurt
And our love turning to dirt
So, put your faith in me
Let yourself go, girl

Each and every day
Love will come your way
If you're good, baby

I'm gonna chase away
All your doubts in me
As it should be

Darling, make a promise
Promise you will be true
Sweet darling, please believe me
I'm gonna be good, good to you
Let's make a promise

Eyes, your eyes, they hypnotize
And seem to be just my size
They seem to be making wise
I'm gonna have faith in you

Together, we can have a groovy thing
Share the things true love can bring
Until the day we die
Let yourself go, girl

Each and every day
Love will come your way
If you're good, baby

I'm gonna chase away
All your doubts in me
As it should be

Sweet darling, make a promise
Promise you will be true
Sweet darling, please believe me
I'm gonna be good, good to you
Let's make a promise

Promises, promises
Let's make a promise
Every day, baby
Let's make a promise
Be good for you
Let's make a promise...
