He's mean to me
He's so bad
He's using me
Keeps on abusing me
But when he touches me
The way he touches me
Nothing else matters, oh, no
And, ohh, you know
She cheats on me
Makes a fool out of me
Spends all my money
And had the nerve
To run out on me
But when she touches me
The way she touches me
Nothing else matters
Good God, nothing else matters
Whoa, he's using me
I know he's using me
And you know it just
Tears me up inside

But when he touches me
The way he touches me
Everything, everything is alright
And I should leave her, huh
Deceive her, hurt her
Just to get back at her
But when he touches me
But when she touches me
But when he touches me
But when she touches me
With your hands or with your lips
Even with your fingertips
Oh, when she touches me
The way she touches me
Nothing else matters
Come on, touch me, baby
Nothing else matters
In the midnight hour, baby
Nothing else matters
When you're close to me
Nothing else matters
