"We Have To Hurry"

Just let us
Just let us breathe
The strong survive
The more they deceive
This is what they want us to take
They want to greet us
With their fucked up mistakes
They won't deceive us
This is what they wanted today
That heals us

We are strong together
We must embrace today
We will fall forever
We'll fight and always save

We have to hurry
Don't depend on anyone
We must we have to save
We have to hurry
This day we'll change

We are strong together
Someday we'll see
We will fall forever
We'll learn, to be free

I can feel I can feel

Just breathe it in
You have been given everything
Suck it dry the you'll come to realize

We have to hurry
Don't depend on anyone
We must we have to save
We have to hurry
This day we'll change

We are strong together
We must embrace today
We will fall forever

We'll fight and always save
