One day I woke up from a dream
From a colored world extreme
And I got a picture of you in my mind

Hey I said I'm sleeping again
I wanna stay awake in my wishes
And I'm askin' when I'll find

Refrain
That girl who may mess up a lot
But that girl
She's the only one I've got

Chorus
I can't promise I would see you
Bu I tell you I'll be near you
When you need to hold my hand
And I'm tellin' you Vanessa
Stay a while and take my missin' you away
Stay a while and make my missin' you okay

One day I woke up from a nightmare
From a grays scale world and then I knew that
You weren't there

Hey I said I'm sleeping again
I'm gonna look for my wishes
And I'm askin' when I'll find

Refrain
Chorus

Hey I said I'm sleeping again
I wanna stay awake in my wishes
And I'm askin' when I'll find

Chorus
