Chorus

I know this is
What goodbye means
See you later
Back in my arms again

You said goodbye
I said I will miss you
No wondrin' why
It's coz' I love you
Wherever you go
Whatever you do
Just bring my care
Right there with you
I'll see you soon

Refrain

Sooner than you think
Maybe not later than tomorrow
But even if it takes a while
I won't wait in vain
Yeah

Chorus

Say goodbye
There's not much to it
No wondrin' why
I can see through it
When you're done with the time you're runnin' through
I'll be right here, right here with you
I'll see you soon

Refrain

Chorus
