"When You're Broken"

Visit "[When You're Broken](#)" on MotoLyrics.com

When you can't deny the tears that find
Their way into your heart
When the laughter turns to crying
And your soul's been torn apart
You are not alone

When the blood she'd in the streets
Remind us all that we need rain
But when the clouds forget to bless the land
We all begin to pray

We need mercy, we need grace
Save us from this hurt we face

When homes are shattered pieces down,
Your spirit deeds to break
And it's hard just to believe
The pain is more than you can take

You are not alone
You are not alone

If every prayer sent to heaven
Comforts broken homes
Remember this, that when you smile or cry
You are not alone
