Like the wind will never stay
Like the water, moved away

Wish you all my life for who you are

There is so much I would tell you
But this night is gone too fast
Who will find the raisers?
The sun sets already fast

There's no need for talking
Destiny you may calling
I can see it in your eyes
That love I also feel

[Chorus:]

Like the wind will never stay
Like the water, lose its way
I will walk with you from now and ever more
Like the stars will meant to be
Like the moon its tracks the sea
I will love you all my life 4 who you are
4 who u r

Its like I know you 4 ever
Heart of me is you
The way your heart is beating
My hard is beating 2

There's no need for talking
Destiny you may calling
I can see it in your eyes
That love I also feel

[Chorus]

Like the sun you will always thirst
Like the sun will always burn
There's something that left
For eternity

[Chorus 3x]
