Com' on! there's a carnival over here
Lets dance yeah yeah yeah

come one the party has started
everybody's waithing down at the beach
the night is very warm now
millions of stars burning just out of reach
(oh-oooh) here the drums and listen to my song(oh-oooh)
let us celebrate all night long

carnival in the carribbean
carnival on the cocola island
come dance with us two
we're waithing for you
its a carnival
oh whee oh oh whee oh
nanaa ey ya

come on there's no time for sleeping
let us go hoela hoela and go cha-cha-cha
the water is very blue now
in the summer forever, here where we are now
(oh-oooh) here the drums and listen to our song(oh-oooh)
let us celebrate all night long
