I'm a moviestar..

I'm a moviestar
I try the big blue car
when the camera's on
we're having fun

I'm a moviestar
I can play the guitar
but when the lights so down
you always be around

the camera's rollin and the lights are on
seen as a rock tonight
next take action sing a song
cause feelin' makes me feel allright

everywhere I go people want to know
if all the rumours are true
glitter and glamour on my two best friends
but nothing can compared to you

I'm a moviestar
I try the big blue car
when the camera's on
we're having fun

I'm a moviestar
I can play the guitar
but when the lights so down
you always be around

I'm a moviestar..
let's go..

sine my name on a photo of you
my pens are everywhere
and this is all they want me to do
it's crazy but you really can

everywhere I go people want to know

if all the rumours are true
glitter and glamour on my two best friends
but nothing can compared to you

I'm a moviestar
I try the big blue car
when the camera's on
we're having fun

I'm a moviestar
I can play the guitar
but when the lights so down
you always be around (2x)

I'm a moviestar..
check it out.. here we go..

when I come home when I'm home alone
I call you on the phone [I call you on the phone]
cause I can depend on you till the end
you're an amazing friend

let's go.. here we go.. come on..
I'm a moviestar..
1, 2, 3, 4.. here we go

I'm a moviestar
I try the big blue car
when the camera's on
we're having fun

I'm a moviestar
I can play the guitar
but when the lights so down
you always be around (2x)
