In every heart there's a place
Burning with true conviction
And it will show on your face
When you have found your mission

Trust in the true faith in His word
Giving my all I'll be ready to serve

My duty to God is what moves me within
With feet planted firm on the rock
I honor His name in the way that I live
Faithful and true I'll remember my duty to God

Only the shepherd could know
All of the lost and missing
May I be ready to go
Trusted to share His blessing

Lead by His love, held by His hand
True to the faith I'll be worthy to stand

My duty to God is what moves me within
And takes me where angels have drawn
I honor His name in the way that I live
Faithful and true I'll remember my duty to God
[X2]

I honor His name in the way that I live
Faithful and true I'll remember my duty to God
