[Chorus]

(Comin' through today)  
Welcome to terrordome...  
I'm your host the friendly neighborhood baritone  
Vocals channel the spirits of old poets  
I don't drink my glass never behold Moet  
Similar to barroom is Dunbar  
From the crew you thought was just all chorus and one  
Star... now  
I'm one-sixth of a clique that bumps shit  
While commercial counterparts speak of constant  
Conflict I'm...  
(Comin' through today)  
A lot of details  
Oh my body be scales  
I'm from Ida B. Wells  
People see I'll and good times just like eleven  
With a really deep militant mind like Michael Evans  
Every posse recline watch me get applause  
Forming reservoirs on your desert shores  
Your witnessing mental and verbal fitness friend  
Tuna fish that descended from Lake Michigan

[Chorus]

All day when I say  
I'm much more than just some backpack crap  
Intelligent rap act or militant black cat... I'm  
Killin' venomous platinum plaque rats  
I'm forever spittin' relevant facts and that's that

And how you play the game  
Is how the game plays you, way true  
Haters is wild style like phase two  
Touring without rest and blessed  
My skull's laced with time  
Taking your place then pass metal detections... yes  
Instant vintage, deep in the trenches  
Every sisters can leave speakers defenseless  
Peeking through fences and speaking bleaker like  
Memphis

Peaking your interest with heat-seeking intentions

[Chorus]

(Comin' through today)  
I'm from the city where they  
Buried Al Capone and house music was born  
Robert Kelly performed and heavy styles was shown  
I made hidra and settled miles from home  
Coast to coast LA from Chicago  
Whether your gospel your spittin' is really gospel  
The kid that kicked with Matt  
Apocalyptic rap, I can't come to grips but that's  
That

Your learnin' why the turntable turnin'  
People should know me more than for  
Just the verbal Herman... Munster, what?

[Chorus]
