edhe mbreme si gjithmon

shpejt nga karikja u qova
ne sy shpull ta dhash

jojo, (o pa pa*,) me mu dredhina ska
jam qind per qind zeshkane
pa frym mund te la jojo me mu dredhina ska

jo smu dhimse aspak

edhe as bukuroshja jote syt kur i rrutulloji**
jo smu dhimse aspak

*pa pa is just another form of "o po po" it's like oh my, or oh no

** - i couldn't really hear this last word, but it sounds like its zdrudhdulloj or rrutulloj or something which either means rolls eyes, wrinkles eyes or dodges :S
