What happened to the respect for me  
But I can't letchu go dat easy  
Let me explain, the reason why is because...  
[chorus]

I love you  
And I love you  
And I love you  
But I gotta letchu burn to make you learn...

Cause I love you  
And I love you  
oh oh oh ooooh....

[1st VERSE]

Tears fell from my eyes and I know why (know why)

My man confessed to me, on the phone, last night  
Gotta baby on the way, so nigga you shady,

Yo baby mama, ex-girlfriend, who is she?  
You betta let her know, she's a hoe, cause I'm yo'

with hesitation)

[chorus]4x's

Cause I love you  
And I love you  
But I gotta letchu burn to make you learn

Cause I love you  
And I love you

But I gotta letchu burn to make you learn

Cause I love you  
And I love you  
But I gotta letchu burn to make you learn

Cause I love you  
And I love you

Do watchu do? I'mma do what I do!

But I gotta letchu burn to make you learn

Cause I love you  
And I love you

[3rd Verse]

I'm hurting cause one side of me, is telling me dat I  
need to move on

And on tha other side I, wanna break down and cry  
hoooooooooh..

I'm hurting cause one side of me, is telling me dat I  
need to move on

On tha other side I, wanna break down and cry like,

hee...hee...hee...hee..hee...hee...hee

hee...hee...hee...hee.. Can you feel my pain?

hee...hee...hee...hee..hee...hee...hee

He really makes me wanna cry, but I'm still willing to try  
with you..boy..yeah

Cause I'm the only one who's gonna love you like dis

Put up with tha bullshit, I know we bigger than this, you  
gotta burn.....burn...

Bwoy..you were wrong, wrong, wrong, wrong

I forgive you for the last time

It better not be a second time

Cause if you do it again..you won't be my friend

My boyfriend, my husband, companion, you won't  
mean a thing to me...and I mean it boy

I hope you burned!
