And when his tiny head emerged  
From hair and folds of skin  
I thought to myself if he only knew  
He would climb right back in

I do, I do, I do  
I do, I do, I do

Now that my blushing bride  
Has done what she was born to do  
It's time to bury dreams and raise a son  
To live vicariously through

The sperm swims for the egg  
The finger for the ring  
If I could take one back  
I know what it would be

I do, I do, I do  
I do, I do, I do  
I do, I do
