"Promise"

I'll take something to believe
Something with long sleeves, 'cause it's unpredictable
That Jesus said He'd fill my needs, but my heart still
bleeds
He's just not physical

Why can't I see?
If I look up and the sky's not there
Is there any reason that I should be scared?
But a promise, is a promise, I know

Now we've established a lack of sight
Maybe vision's the right word
And when I need, 'cause I can't see with human eyes
Lord knows I've tried to follow where He leads me

Why can't I see?
If I look up and the sky's not there
Is there any reason that I should be scared?
But a promise, is a promise, I know

For what I've seen so far
I can't believe my eyes
And what a nice surprise

If I look up and the sky's not there
Is there any reason that I should be scared?
But a promise, is a promise, I know

If I look up and the sky's not there
Is there any reason I should be scared?
But a promise, is a promise, I know
