Night time sharpens, heightens each sensation.
Darkness stirs and wakes imagination. Silently the
senses abandon their defences.

Slowly, gently, night unfurls its splendor. Grasp it,
sense it, tremulous and tender. Turn your face away
from the garish light of day. Turn your thoughts away
from cold unfeeling light and listen to the music of the
night.

Close your eyes and surrender to your darkest dreams,
perge all thoughts of the life you knew before. Close
your eyes, let your spirit start to soar. And you'll live as
you've never lived before.

Softly, deaftly, music shall caress you. Hear it, feel it,
secretly possess you. Open up your mind, let your
fantasies unwind, in this darkness that you know you
can not fight, the darkness of the music of the night.

Let your mind start a journey through a strange new
world. Leave all thoughts of the life you knew before.
Let your soul take you where you long to be, only then,
can you belong to me.

Floating, falling, sweet intoxication. Touch me, trust
me, savour each sensation. Let the dream begin, let
your darkest side give in, to the power of the music
that I write. The power of the music of the night.

You alone can make my song take flight. Help me make
the music of the night.
