Rectify sentence of a death too young  
A fixed place in Hell keeps these scars in your arms  
And welcome the temptation of another Christ  
"this death across my mirror's edge cannot shine"  
"Between two death  
This is place of no pain"  
Wait for a victim  
Set flowers and crowns  
Children are restless:  
Day-dose incomplete  
Fighting this hunger  
With bland surrogates Rectify sentence of a death too  
Young  
A fixed place in Hell keeps these scars in your arms  
And welcome the temptation of another Christ  
"this death across my mirror's edge cannot shine" I  
Dress my hero's costumes  
And look still to the crowd  
Feeling for a day to be loved by stones  
The hand of God caress me  
When I'm saying "the end"  
You speak me about devotion  
The interlocutor answers

We're asking for love  
From our slaughters and brothers and sons  
But I'm not so scared  
To not ask for more blood  
Drowning this poisonous passion!  
"Between two death  
This is place of no pain"  
Wait for a victim  
Set flowers and crowns  
Children are restless:  
Day-dose incomplete  
Fighting this hunger  
With bland surrogates We're asking for love  
From our slaughters and brothers and sons  
But I'm not so scared  
To not ask for more blood  
Drowning this poisonous passion! "Mother! Oh, mother!  
My eyes are blind Â– he said,

Feeling the shame bloodily  
Settled in the nape So wash this blamish  
With stigmata's blood!  
Mother and father  
In a couch of pain "Between two death  
This is place of no pain"
