Believe in us
You still need me so
You want to return this love
I feel it!
I still believe in us
You are loving me - no doubts!
I feel it in my heart
Let's believe! Believe in us!

I'm alone
I'm so cold
I'm a shade
I can't understand why did you choose the way
I'm still waiting
I'm still finding your caress
I'm still loving you
I still believe in us.

Believe in us
I so need you! I so need us
I know you still don't forget us!
I feel it!
I still believe in us
You are loving I have no doubts
I feel it in soul, in my heart
Let's believe! Believe in us!

I'm lost
I'm afraid
But I resist
I don't want to lose you, I so need your brace.
I'm still waiting
I'm still finding your caress
I'm still loving you
I still believe in us.

Believe in us
I so need you! I so need us
I know you still don't forget us
I feel it!
I still believe in us
You are loving I have no doubts
I feel it in soul, in my heart
Let's believe! Believe in us!

Believe in love!
We have a chance
We need you so
Believe in me
Believe in you
I don't get further* be with you.

Believe in me
Believe in us
I live for you
I have no doubt!
I need you so
I love you so
I still believe
And that's my love!

First three strophes (short version) are certified, the others are from official video clip. I'm not sure is word further* is correct.
