Be man momen nago, vaghti ke hata
Vase yek lahze ham ashegh naboodam

Be man ke in hame az rastegari
Faght dam mizadam, ashegh naboodam =

Ye omre az delam tarsidamo baz

Dam akhar mano divoone karde == آقا، -آ! the same heart in my old age, is
playing with me, is making me crazy آقا، -آ!

Hala mitarsam in divoonehali = and at the same time, I like this madness so
much that now my only fear is

Ye rooz az man joda she, bar nagarde == آقا، -آ! that this new craziness of love,
leaves me one day.

Che asoon ashke masoom to yek shab == how easily one night, one single drop of
your innocent tear آقا، -آ!

Chekido damane dinamo tar kard

Ghobare aadato az ghalbe man shost = آقا، -آ! (how easily) it just washed away
the dust of habit from my heart آقا، -آ!

Nemodoonam chetor ama asar kard

Hame daro nadarm male cheshmat == all my earthy possessions sacrifice for
beauty of your eyes آقا، -آ!

Age poshtesh beheshti bashe ya na

Age donyaye man pish az ghiamat

Dare ba cheshme to pa mishe ya na
