I know you wont
Come running when I call
I know and you know, that it's impossible
Cos you belong in someone else's arms
And i don't mean no harm
If only we could fall
I'll take you there once more
Some place no-one can find
A place where we can hide from
This love we both deny
A heart can't lie
I look at you
And find it hard to know
What's in your heart
And waiting in my soul
I hope someday
You might let me in
And my life can begin
If only we could fall
I'll take you there once more
Some place no-one can find
A place where we can hide from
This love we both deny
A heart can't lie
If you give me half a chance
I'll lay myself down for you
When you're lying in his arms
Is he loving you like I do?
If only we could fall
I'll take you there once more
Some place no-one can find
A place where we can hide
If only we could fall
I'll take you there once more
Some place no-one can find
A place where we can hide from
This love we both deny
A heart can't lie
Your heart can't lie
My heart can't lie
