Anytime at all, I would change my life for you
Happiness, it was where you are
Anytime at all, I would choose to stay with you
Togetherness is not so far, I love you so

That is why and it's why
I'm ready to sustain the pleasure and the pain
I want all the crazy times with you my love

Everything you need, if it raised a smile in you
I want to bring it to your door
Everything I need, [Incomprehensible] of somebody
here
[Incomprehensible] more, I love you so

That is why and it's why
I'm ready to sustain the pleasure and the pain
I want all the crazy times with you my love

Anytime at all, to stop those lonely tears that fall
And how they made you feel so small
If not me who you're gonna call

And that is why, it's why, it's why, it's why, it's why
I'm ready to sustain the pleasure and the pain
I want all the crazy times with you my love

That is why, that is why
I'm ready to sustain the pleasure and the pain
I want all the crazy times with you my love

Anytime at all, I would change my life for you
Happiness, it was where you are
