It's lost is what you're thinking,
You've even started drinking,
And watching TV all day long,
Don't ever stop believing,
Ideas that you're conceiving,
Can't even change the world or take it on
Don't believe a word they say,
You gotta make it your own way,
This might be the answer to your prayers
Bring it on,
Bring it on,
Tell your friends to come along,
Raise your hands to the sound,
Lose your mind and jump around,
Turn it up,
Turn it on,
Tell the world they got it wrong,
Cause my friend,
It won't be long
So bring it on
Your boss thinks that you're lazy,
Your friends all think you're crazy,
Your boyfriends left,
The TVs gone,
The edge is moving close now,
But you're surviving somehow,
If this is life then bring it on
And don't believe a word they say,
You gotta make it your own way,
Hold on tight cause here I go again
So Bring it on,
Bring it on,
Tell your friends to come along,
Raise your hands to the sound,
Lose your mind and jump around,
Turn it up,
Turn it on,
Tell the world they got it wrong,
Cause my friend,
It won't be long,
So bring it on,

Bring it on,
Tell your friends to come along,
Raise your hands to the sound,
Lose your mind and jump around,
Turn it up,
Turn it on,
Tell the world they got it wrong,
Cause my friend,
It won't be long,
So bring it on
