She said something like  
I want to go down where the rivers wild  
He said take me then  
I want to drown deep in your violent eyes  
(Feel the water rise again, call the river by your name)

I want to float in through your door  
Hang it on the wall hang it all  
But I want to be sure of one thing  
That I'm getting into something peaceful

I want to fly in on your wing  
Way, way up here I don't care for anything  
It's all in and I'm not afraid I don't fear  
Falling

She said listen I've been telling you  
I'm into something cruel  
He said give me what got into you  
I don't care what you do  
(If there's a full moon in Taiwan I want half of what  
you're on)

I want to open up your mind  
Leave it all behind you and me  
We are one of a kind, we may find  
That we're getting high on something peaceful

We're gonna take it for a ride going nowhere fast  
But we got nothing to tie ourselves on  
And I'm not afraid to go down  
Falling

She said something like I'm tired of me  
You've got to paint my face  
He said fold up like a paper boat  
Set sail for me again

I want to fly in on your wing  
Way, way up here I don't care for anything  
It's all in and I'm not afraid I don't fear  
Falling
