I'm getting into something
You got me into something good
Like I knew you would
I'm moving into something
You move me into something easy
And it pleases me

Took me by surprise
Never saw the light
Until you turned it on
You got me into something
God knows I'm hitting on life
And I wonder why the sun
Ain't shining where you are

You know it's alright, baby, it ain't over
Oh, it's only us to lose
What is gone, well, we can't use together
So it's alright, baby, it ain't over
I didn't mean to hurt you

I'm getting into something
You got me into something wild
And I'm getting high
I'm pulling into something
You pull me into something deeper
Oh, it's deeper now

Took me by surprise
Never thought that I
Would give it out again
You got me into something
God knows I wanna be
As close as I'll ever be
Something's getting into me

You know it's alright, baby, it ain't over
Oh, it's only us to lose
What is gone, well, we can't use together
So it's alright, baby, it ain't over
I didn't mean to hurt you
It was nothing I was dreaming

But I'd rather live believing, yeah

The time you got addictive
I was somewhere getting used
When you were self-abusive
I put out and got abused
With you I don't feel the need to qualify my life
Let's get it on before it's gone
Just meet me at the corner

'Cos it's alright, baby, it ain't over
Oh, it's only us to lose
What is gone, well, we can't use together
So it's alright, baby, it ain't over
I didn't mean to hurt you
It was nothing, nothing, nothing, nothing, nothing

It's alright, it's alright
It's alright, it's alright
It was nothing I was dreaming
But I'd rather live believing
