You've got me so confused and there's words I could  
use

But I'm afraid to say them  
I feel I've been had and I'm boiling mad  
Still I can't live without you

You don't have the time and you won't spend a dime  
Not even to call me  
Oh, you don't know I exist and I wouldn't be missed  
If I had the nerve to quit you

Invisible, I feel like I'm invisible  
You treat me like I'm not really there  
And you don't really care  
I know this romance, it ain't goin' nowhere

Invisible, you treat me like I'm invisible  
When you get the need to flirt  
You do the work  
You just don't care how much it hurts

I can never reach ya on the phone  
It rings and rings when I know you're home  
It may be naive but I just wanna believe  
I'm the only one

I tell myself lies and give you alibies  
Knowin' your promises you'll never keep  
Like the merry go round I'm goin' up, goin' down  
I'm on a dead end street

Invisible, I feel like I'm invisible  
You treat me like I'm not really there  
And you don't really care  
I know this romance, it ain't goin' nowhere

Although, I know it's not a lot  
Don't want to lose whatever we've got  
I keep hangin' on, knowin' I can't win  
'Cause it's too hard to start over again

Invisible, I feel like I'm invisible

You treat me like I'm not really there  
And you don't really care  
I know this romance, it ain't goin' nowhere

Invisible, you treat me like I'm invisible  
When you get the need to flirt, you do the work  
You just don't care how much it hurts  
Invisible, I feel like I'm invisible
