It's the stain on the moon  
It's your idiot name  
It's the noise in the noise  
The gift of the game  
It's the fruit that we bear  
The peach that I bore  
It's you and it's me and it should have been more

It's the choice that I made  
And the maid that you chose  
It's the slip in the slide  
From fingers to toes  
It's the song of out there  
The pull of the door  
It's you and it's me and it should have been more

It's only hours, only days  
Sat in Libra's bowl  
Where it's all, it's all, it's all  
It's all balancing

It's the black in the grate  
The smoke in the sink  
It's the either that you and I  
Opted to drink  
It's the tooth that we chipped  
On the first ever kiss  
It's you and it's me and that's what it is

What if I could say now  
What if I could say  
Everything I meant now  
Everything

It's only hours, only days  
Sat in Libra's bowl  
Where it's all, it's all, it's all  
It's all balancing
