In the history of
A life takes a heart
When the power of love comes together
There aint nothing can tear us apart
At the touch of your hand I can feel
That what we got is stronger than steel
That's when I hear
My lover's prayer
It's my own silent message to you
Takes me there, my lover's prayer
And my soul is divided in two
With my heart on the line
I send it all over the world
Out on the air
'Cause I can't let go
And my heart has a mind of it's own
It's my lover's prayer
It's the mystery of
A place blessed by us
And the moment of truth is forever
In the face of incredible odds
And the look in your eyes tells me why
Let our words burn a sign in the sky
That's when I hear
My lover's prayer
It's as easy as talking to you
All my life, having you there
In my own private vision come true
You're heaven and earth
You're the fire and all that I'm worth
I can't be strong
You hold the key
Don't say it's over
Don't say it's over for me
My lover's prayer
It's my own silent message to you
Takes me there, my lover's prayer
And my soul is divided in two
With my heart on the line
I send it all over the world
Out on the air

'Cause I can't let go
And my heart has a mind of it's own
It's my lover's prayer
It's my own silent message to you
Takes me there, my lover's prayer
And my soul is divided in two
'Cause I can't let go
And my heart has a mind of it's own
It's my lover's prayer
And my soul is divided in two
