Smiles at me softly, I know her for sure
Scent of her perfume is Christian Dior
I know it must be wrong cos it surely can't be right
Gonna go out and I'm gonna get lost tonight
CHORUS
Here I go again
She's outer space and in my mind
Nothing between us now but the chemistry is suicide
And from this place we both can run and dance into
oblivion
Here I go again
Ask her, her name and she says Miss Understood
But I prefer crazy, now buy me a Bud
Though we know it must be wrong cos it surely can't be
right
Gonna go out and gonna get lost tonight
CHORUS
Here I go again
She's outer space and in my mind
Nothing between us now but the chemistry is suicide
And from this place we both can run and dance into
oblivion
Wide boy beaten up car looking for a life but he never
gets far
School's out pick up a girl never get home gonna see
the world
Wide boy beaten up car looking for a life but he never
gets far
School's out pick up a girl never get home gonna see
the world
Morning has broken it's seven AM leave by her her
window I've done it again
Though I know it must be wrong cos it surely can't be
right
Gonna go out and I'm gonna get lost to night
CHORUS
Here I go again
She's outer space and in my mind
Nothing between us now but the chemistry is suicide
And from this place we both can run and dance into
oblivion

And dance into oblivion
And dance into oblivion
