I love the way you're breaking my heart
It's terribly, terribly, terribly, terribly thrilling
I love the way you're breaking my heart
Although you're gonna ruin it
It's heaven while you're doin' it
I love the way I feel when we kiss
You're terribly, terribly, terribly irresistible
Sigh to me, and lie to me, you really know how
It's gonna hurt tomorrow, but it feels so good now
So darling, just keep playing your part
Take your time and really finish the things that you
start
'Cause I love the way you're breaking my heart!
