I'll text you through the day just to tell you that I love
you
You don't have to worry, I'll be ... girl that love you
There's been other girl that could ever are ...
To be in what you are

I'm loving every day and every weekend
Feel like you're a psychiatric, know what am I thinking
Tell me what I'm thinking,
You know what I'm thinking
I need you in my life

I love you with my all girl
I'm never lettin go
You're independent and ...
mention, always front row at my shows
So I'm never lettin go, never lettin go, never lettin go
I'm never lettin go X 2

Tell you something there it's not a thing that I can't get
her
But when I'm not with you, it's just ... the stormy
weather
So I need you, to breathe just
Give me that key I need that
I'll lock it up, inside my heart
Never have to worry about a broken heart no

I'm loving every day and every weekend
Feel like you're a psychiatric, know what am I thinking
Tell me what I'm thinking,
You know what I'm thinking
I need you in my life

I love you with my all girl
I'm never lettin go
You're independent and ...
mention, always front row at my shows
So I'm never lettin go, never lettin go, never lettin go
I'm never lettin go X 2

Simple math and physic, so let's add to, can't subtract
you
Later on, let's multiply, have a family, make a big
group
I'll be all that you need, you'll be all that I need, yeah

I love you with my all girl
I'm never lettin go
You're independent and ...
mention, always front row at my shows
So I'm never lettin go, never lettin go, never lettin go
I'm never lettin go X 2
