I like to seek for water in a desert
I made that memo to myself
I like to tickle everything
That has stains to be in the shelves
I like to stand with my feet in cold water
Like to debate in my underwear
I like to love without that I'm your honey frustration
Like to love with some despair

I got a crossroad passport
Traveled out delays and any traffic jam
You are the gem that I'd like to unravel
And I know now that you're truly not a good man

So pick me up and hold me down and come again and
come
Around
So drink me up and dazzle me
I'm not afraid I'll be at peace yeah (2x)

I like to seek for water in a desert
I made that memo to myself
I like to dance with some stubborn white faces
Like to brighten them up with my flair
I like to colour everything which stays to be black or

White
I hate to see how you stick with the nation
Without retification, just like Bush and Blair

I got a crossroad passport
Traveled out delays and any traffic jam
You are the gem that I'd like to unravel
And I know now that you're truly not a good man

So pick me up and hold me down and come again and
come
Around
So drink me up and dazzle me
I'm not afraid I'll be at peace yeah (2x)

Instrumental

So pick me up and hold me down and come again and
come
Around
So drink me up and dazzle me
I'm not afraid I'll be at peace yeah (2x)

So pick me up and hold me down and come again and
come
Around
So drink me up and dazzle me
I'm not afraid I'll be at peace yeah
