Here you come
It's been a while
Wearing that same sweet smile
Think I'll fall
But not tonight
Praise the Lord I've seen the light

You knocked me down
But I got back up
I almost drowned
In your flood
I learned to swim
Because of you
Oh I can break hearts too

Here it comes
Your favorite line
It's worked a million times
I want you back
I miss you bad
So damn funny it's almost sad

'Cause for a while
There was a time
You'd come around
I'd lose my mind
I still love you
You know it's true
But I can break hearts too

No I don't need a drink I'll buy my own
And no I won't be needing a ride home
I'll go alone

So move along
I wish you well
Hope you find somebody else
Who'll believe your lies
Follow your schemes
But this time it ain't me

You knocked me down

But I got back up
I almost drowned
In your flood
I learned to swim
Because of you
Oh I can break hearts too

Well hallelujah skies are blue
And I'm finally over you
And I can do just what you do
Yeah I can break hearts too
Oh I can break hearts too
