Sing to me a song that's blue  
And I'll paint my eyes blue, that's what I'll do  
If the sun is shinin' through  
I'll smile for you, I'll smile for you  
'Cause I'm in love with your music  
And I'm in love with your song, yeah  
And I'm in love with the days  
That make the moments seem long  
You make the moments seem long  
Sing to me a song that bleeds  
So I can hold your wounds close to me  
And if you feel like kissin' me baby  
I'll try hard to breathe, I'll try my hardest to breathe  
'Cause I'm in love with your music, your music  
And I'm in love with your song, yeah, yeah  
And I'm in love with the days  
That make the moments seem long  
You make the moments seem long  
And I'm sick of the world  
Layin' emptiness at my feet now  
And I'm sick of the lies  
That keep burnin' my mind till it bleeds  
You came from the shore  
That can wash my hands clean  
Now I'm free, I'm free to be me  
I'm in love with your music  
And I'm in love with your song, yeah, yeah  
And I'm in love with the days  
That make the moments seem long, yeah  
Make the moments seem long  
You make the moments seem long  
You make the moments seem long
