Baby, let's break it down to basics
I'm crazy 'bout you, you're crazy 'bout me
I don't know why, don't know why, don't know why
We make it harder than it has to be, inevitably
What's up with all these expectations?
Doin' these things we're supposed to do
I don't know why, don't know why, don't know why
We don't make up our own moves
We've got nothing to prove
Baby, hock that diamond ring
Oh, we'll buy a road map and some gasoline
And we'll take a drive, take a ride, by my side
We'll figure out just where, when we get there
Oh, when we get there
Come on honey, what's your hurry?
You're not ready and neither am I
I don't know why, don't know why, don't know why
It's always do or die, we got the rest of our lives
Baby, hock that diamond ring
We'll buy sombreros and some jumpin' beans
And we'll take a drive, take a ride, by my side
We'll figure out just where when we get there
Oh, when we get there
Come on, come on, come on, come on
Let's get goin', goin', gone
Look at that moon up in the sky
We could just, oh we could fly
Come on baby, come on, come on
Baby, hock that diamond ring
We'll buy a blanket and some sunscreen
And we'll take a drive, take a ride, by my side
We'll figure out just where when we get there
Oh, when we get there
Baby, hock that diamond ring
Let's go, baby
We'll buy a road map and some gasoline
Oh, yeah
Baby, hock that diamond ring
Come on, come on, baby
We'll buy sombreros and some jumpin' beans
And we'll take a drive, take a ride, by my side

We'll figure out just where when we get there
Figure out just where when we get there
Baby, hock that diamond ring
We'll buy a road map and some gasoline
