This might last
This might pass, but who knows?
I'm just fine
Closing my eyes seeing where this goes
We could walk around on our tiptoes
Follow every rule just keep it cool
We could play it safe, be well behaved
Plannin' on forever

Oh, we could be
Wild, wild together
We could be
Wild, wild together
Just you and me and our crazy dreams
Chasing down whatever
We could be wild while we're together

Let's stay up
Making love 'til the sunshine
Take a trip
Skinny dip across the county line
We could be just like Scarlett and Red
But with ice cold beer and cigarettes
Bonnie and Clyde and the country side
Hell this might last forever

We could be
Wild, wild together
We could be
Wild, wild together
Just you and me and our crazy dreams
Chasing down whatever
We could be wild while we're together

We could be just like Waylon and Jess
Holding hands and running
Through this beautiful mess

Yeah we could be
Wild, wild together
Yeah we could be
Wild, wild together

Just you and me and our crazy dreams
Chasing down whatever
We could be wild while we're together

We could be
Wild, wild together
We could be
Wild, wild together
Oh oh
