[Hook]

I wish it all could be everlasting  
Thank god for the passion  
I still fall like the dragon  
Thank god for the passion  
Gotta have passion, gotta have passion  
When all else fails at least you got your passion

All lexis passing to the concert  
Looking for the Bentley, I ain't talking by fines work  
To pull up to them gangstas for bindess  
Pride to the side as the state men of this mission  
Soon as the show go into intermission  
Jump on stage grab the mike, tell them how you living  
Back, back then, yeah, that was the dream  
To be a hardthrive to these grown women and teens  
You chauffereoud around, inside lumousines  
Fly to London I'm gonna flirt with the queen  
Soon as the lights, camera, action  
You can look in my eyes and see it was my passion

[Hook]

I wish it all could be everlasting  
Thank god for the passion  
I still fall like the dragon  
Thank god for the passion  
Gotta have passion, gotta have passion  
When all else fails at least you got your passion

Mom worked a full time job all her life  
12 hours paid, the other 12 looking for mr right  
So close to the ultimate destination  
Even drive sustaining to a high school education  
Full of passion and desire, look in her eyes and light  
your soul on fire  
Look in your eyes, and count to your destiny  
I asked her how she feel, she said kinda like ecstasy  
Well I wouldn't mind, getting high for me  
Good to know that my daddy didn't die for me  
Yeah, soon as the car got the crashing  
You can look in her eyes and see he was our passion

[Hook]

I wish it all could be everlasting  
Thank god for the passion  
I still fall like the dragon  
Thank god for the passion  
Gotta have passion, gotta have passion  
When all else fails at least you got your passion

They hated Jesus and I know they hate me  
Laughed at him as he hanged on that lower case t  
And even though... could have came snapping  
Instead he asked God forgive them for their actions  
The passion, yeah nigga, the passion  
Blood on his face, you could at least have given him a  
napkin  
But instead they laughed and made fun of him  
You could see the devil was in every one of them  
Disrespecting their father right in front of him  
Little do they know they were the son of him  
Soon as the temple got collapsing  
You can look in the sky and see he was the passion

[Hook] x 2

I wish it all could be everlasting  
Thank god for the passion  
I still fall like the dragon  
Thank god for the passion  
Gotta have passion, gotta have passion  
When all else fails at least you got your passion.
