They don't wanna believe it I saw it before they seen it  
Dreamed it up then achieved it, my life's a movie  
comes screen it  
Start it off in the red then I started degreen it  
I'm a musical hybrid 'cause dirty game mama clean it  
I seat me here for a reason to deliver the people  
The prophecy is the poking me spiritual human being  
Criticism that got to be make me a better thinker  
Make me a better artist and make me a better speaker  
yeah  
You hear it and do the speakers, follow me I'm a leader  
Subliminal signs reader chose by higher people  
Believe me and grove I got a bury... with hoes  
My brain a river is knowledge  
I'll be on that five shit only be on my shit  
I just thrown copies came to bring this start bitch  
Don't worry I got this yeah I shuffle the death so bring  
the car if you dare  
Show the world what you gay

Hook:

Place a bet, rich your life, roll the dice shake it up  
If you all about that money name a price raise it up  
'Cause you gotta take a gamble if you tryin to play with  
us  
So put on your poker faces queens skins jokers aces  
That's a bad richer life roll the dice shake it up  
If you all about that money name my price raise it up  
'Cause you gotta take a gamble if you're tryin play with  
us  
So put on your poker faces, queens kings jokers aces

If you move that, I'm placing the bet  
Win it or lose it all, money power respect  
Is what I'ma get, once I'm through with y'all  
Give me the cash and checks, once I'm set  
I'm a stupid ball, flying on private jets  
Life's a jet, I'll be a super star  
How you treat your money is a test of... of who you are  
You ain't gettin money I don't give a fuck who you are  
You ain't being real and I don't give a fuck what you say  
Once the bruise she settles we gonna get your flash all

the way  
All you're fresh I'm on my way  
To more money in the seif  
Soaking to existence my linguistics is bout to get me  
paid  
So running in my bridges ain't worried bout burning  
bridges  
They mad that I hold the torch and lead in the rap  
Olympics  
Patience for long distance, stand in a long winded  
A young dressy always baby I'm a bomb winner  
Hold my fist in the sky, I'm a proud nigga  
If you down I bet it all and put it down winner
