It eats at me I can't concentrate  
It never stops, it never fades  
And all I can hear is this voice in my head  
But I can't make out what it says  
I can't block it out, it won't go away  
It controls me now, and to rid this hell  
I have to let it escape, and bleed it out

### Chorus

I wanna scream, at the top of my lungs  
I wanna crawl into a hole and get away from everyone  
I wanna soak this bed in tears  
I wanna yell so loud!  
Did anybody hear me? I'm screaming so loud!  
And no one can know that I feel this way  
Gotta keep inside so my deamons they stay  
I smile all the time, to hide this pain  
If I smile anymore I'll go insane  
I jyst wanna burst, lay mysely on the line  
Pour my heart out to someone, anyeons fine  
Help me, Somebody help me  
I can't do this on my own

### Chours

### Bridge

And if I screamed for the rest of my life  
Would it all jyst go away?  
Cause I would scream for the rest of my life  
If this feeling would go away, yeah!

### Last Chours

And if I screamed, at the top of my lungs  
Yea I crawled into a hole, I got away from everyone  
You know I soaked this bed in tears  
And I screamed so loud!  
Did anybody hear me?  
Did anybody hear me?  
Somebody had to hear me  
I screamed so loud!
