"The Test Of Time"

An epic world.
A vital culture.
Mystery across centuries.
Whispering hymns.
Drowning in beauty.
A new solution.
Pain inspires.
The new generation.
An era of pain.

A time of no compromise.
A tradition of tomorrow.
A burning passage.
A clear vision.
A journey through time.

One tragedy never comes alone.
Time travels.
Decades left behind.
Asleep...

Blow your horns.
One voice.
Twice chosen.

Instant views.

O... Brave new world.
Art is fact.
Imagination memory.
I know...
Time has no barriers.
