He threatens everything I built  
The man who fights for no flag. The man loyal to no  
country  
How many battles have we won?  
This will be the greatest war the world has ever seen  
We need the greatest warrior

Listen, I'm the nicest in here  
I don't even write rhymes  
Words assemble themselves out of fear  
There's no need for me to start sayin' names  
If you hustlers wanna claim you ain't rappers, get the  
hell out the game  
Go back to the keys you keep sayin' you push  
With the same dumb broad that hides the work in her  
tush  
So called thugs, brainless thieves  
Showin' guns and drugs like young cops don't watch  
them DVD's  
Makin' more room for me  
Yeah, I pack up the jail  
This MC is takin' over the street  
Corner to corner  
Every last spot on God's green  
7 Wonders of the World, I'm the greatest ever seen  
Spittin' 16's  
Y'all just spit at 16 year old girls, y'all dudes are thirty  
three!  
Killed your career, call the coroner  
Y'all are no match for Chaundon, I'm the ultimate  
warrior

You don't really wanna go to war  
Throw shots till you can't take it anymore  
One man standin', one on the floor  
Seems to me that you're no match for the greatest  
warrior  
Give up  
Go ahead just  
Give up  
No way you can win against me  
Give up

Go 'head just  
Give up  
Quit and just  
Give up  
Not too smart for you to test me  
Give up

Why play chess? I'm nice at checkers  
I can just jump you niggas, take your pieces and get  
crowned  
It's on the same board, it's just different rules apply  
But the object of the game is to shut you niggas down  
Strategy is key  
Now watch every move  
The heart of a Maverick, I know what the deal is  
Son is trump tight  
I know what's in your hand  
So enlightened, I'm puttin' Con Ed out of business  
Mr. Relentless  
Rules with a sentence  
No guns, all of my words are lethal weapons  
Walk through detectors  
Rushed by detectives  
Known to have plans of mass destruction in possession  
Dangerous with a mic? No question  
No second guessin'  
Who's the nicest rapper in the session  
First album left an impression  
Breath life back into the music, people pay attention

You don't really wanna go to war  
Throw shots till you can't take it anymore  
One man standin', one on the floor  
Seems to me that you're no match for the greatest  
warrior

He thinks God will protect him. But gods protect only...  
the strong.  
I'll attack him with the greatest force the world has ever  
seen.

Bitch made, plain and simple  
Your girl don't give you wop  
She lay you back and play with your nipples  
All that tough talk is sweet  
And yo' ass diabetic  
You're goin' into shock, call a medic!  
I'll apply pressure till these bitch niggas break  
With they broads gettin' off on my latest sex tape  
WAIT!  
They sensitive, might pull a gun on me

Nah  
Might make exec's wanna front on me  
Bitch moves, somethin' a homo rapper would do  
If you take it personal, then that homo rapper is you  
Serve no purpose  
Truth will surface  
Shakin' like you got Parkinson's, you seem nervous  
Best to work with me than against me  
Beef ain't nothin' but another reason for a feeding  
frenzy  
Be easy, I'm warnin' ya  
Y'all are no match for Chaundon, I'm the ultimate  
warrior

You don't really wanna go to war  
Throw shots till you can't take it anymore  
One man standin', one on the floor  
Seems to me that you're no match for the greatest  
warrior  
Go ahead just  
Give up  
No way you can win against me  
Give up  
Go 'head just  
Give up  
Quit and just  
Give up  
Not too smart for you to test me  
Give up

I brought all the kingdoms together. I created a nation.  
Me! I built it!
