Well, I'm no good
I'm no good with convincing
So if you want me, come and get me
I'll be right here where I've always been
Sometimes it all
Sometimes nothing's ever built in to keep a plan
Sometimes you got to learn as it goes along
Don't forget that it's all got to be on time

And if you can't swim
And if you can't swim
You'll be on the list just to float along
To make room for the next one
And if you can't swim
And if you can't swim
You'll be on the list just to float along
To make room for the next one

I bet if we, well, I bet if we could just get through
Tonight
We could make some more chances to get a good start
And not be gripping our heads so tight
Sometimes it all
Sometimes nothing's ever built in to keep a plan
Sometimes you got to learn as it goes along
Don't forget that it's all got to be on time

And if you can't swim
And if you can't swim
You'll be on the list just to float along
To make room for the next one
And if you can't swim
And if you can't swim
You'll be on the list just to float along
To make room for the next one
Making room for the next one
Making room for the next one
Making room for the next one
Making room for the next one
