intro(well the only place your going tonight baby, is
under my covers.
yea along with your raingear,
why dont yout take off what you got on and lets gets
down to it.)

I'd rather stay in bed all day
In bed with you lying closely right by my side
With no one to make us take one step outside
Under the covers with you x4
I'd rather pull the sheets over our heads
So we wouldn't have to face the day, no way
Just lie in bed naked
Under the covers with you x4
I'd rather stay in bed all day
Under the covers with you x4
I'd rather be in bed with you
And well its me and you
Under the covers with you.
