Faith and hope
Try anything that will help you cope
It can't be found in a diamond ring
Can it be found in anything?
So wise men seek significance
In suffering
We all bend until we break
It crushes you until you say

Goodbye tomorrow
With no need to follow
I live my own way - I won't look
Back until my last day [x2]
Wake up and leave

Hate and Lies
The numbers seem to multiply
They add up to a fatal sum
An equal share for everyone
Pain and pride - The products of your
Confused mind
They get compounded everyday
It smothers you until you say
Goodbye tomorrow
With no need to follow
I live my own way - I won't look
Back until my last day [x2]
Wake up and leave

This is your own
Reality each to his own ability
Got no hope for society
Watch it as it all goes away
It gets closer everyday so live it up til
The day you die
And if you wonder
Why I say goodbye tomorrow

Goodbye tomorrow
With no need to follow
I live my own way - I won't look
Back until my last day [x2]

Wake up and leave
