

Pennywise "Falling Down"

Visit "[Falling Down](#)" on MotoLyrics.com

Falling Down everyday - to where I can't be found
Left like some wreckage that's been shot down over
sacred ground
Can't find a place for refuge - safe exits slip away
No chance for my redemption - stumbling towards an
early grave

Falling everyday - farther all the time
Searching for something there - something i can never
find
Falling everyday - farther all the time
Searching for something there - something i can never
find
Without a sound - the silence waits-keeps pulling me
back down
I push against it but there is no use I can't stop now
No place I can hold to - how much further can i go
Sliding into the darkness - waiting for the fatal blow
